

STEP 1

The tame game

Before you tweeze, brush the brow hairs straight up with a spooly (mascara-style) brush. Trim any long hairs—or hairs that are growing straight down—with a pair of brow scissors. Have two pairs of tweezers ready: A slant-tipped pair is good for thick hairs; a needle-nose-tipped pair grabs shorter, hard-to-reach ones.

ALEXANDER WANG

MC RECOMMENDS: Christi Harris Brow Scissors, \$29.99; Brow Diva Duo Brush, \$19.
